

Client Outreach Dossier: LEE Investment Handlers

Human-Crafted Direct Outreach Strategy, Phone Scripts & Email Sequences

Target Entity: LEE Investment Handlers
(leeinvestmenthandlers.com)

Recommended Channel: Email (Primary) / Follow-up
Sequence (Secondary)

Key Leadership: Uyi Loveday E. (Founder & CEO)

Location: Lagos, Nigeria & Venice, Italy

Key Audit Findings: Zero-click SERP blindness on Page 1 /services (pos 4.5, 0% CTR); insecure http:// canonical leak; unverified Google Business Profiles in Lagos and Venice.

Primary Outreach Channel: Email Copy

To: advisory@leeinvestmenthandlers.com (Attn: Mr. Uyi Loveday E.)
Subject: search telemetry & google entity verification

Dear Mr. Loveday,

Noticed LEE Investment Handlers represents institutional-grade advisory across Lagos and Venice, but your primary /services page ranks at position 4.5 on Google Page 1 with a 0.0% click-through rate due to unoptimized meta snippets.

Additionally, neither your Lagos headquarters nor your Venice office possesses a verified Google Business entity, leaving corporate reputation unanchored in local search graphs.

Put together a 2-minute executive diagnostic showing how to resolve the zero-click issue and automate client document triage.

Open to taking a look?

Secondary Outreach Channel: Follow-up Email

To: advisory@leeinvestmenthandlers.com (Attn: Mr. Uyi Loveday E.)
Subject: quick follow-up: leeinvestmenthandlers.com

Dear Mr. Loveday,

Following up on the zero-click meta snippets and unverified local entities on leeinvestmenthandlers.com.

Given your cross-border operations between Lagos and Venice, fixing these search signals directly strengthens institutional credibility for European and Nigerian investors.

Mind if I send over the 1-page diagnostic breakdown?
